

First Team Attack Extreme

- Optional bolt-on TuffGuard backboard padding
- Welded post cap seals out moisture
- Tubular Hi-Frame design provides the best backboard mounting
- All steel components are powder coated to protect against the elements
- Anchor bolt system allows easy removal of unit
- Optional all-weather wrap around post padding
- 4"x4" post is heaviest of its kind (3/16" thick)
- All pivot points have welded steel bushings for durability
- EZ Crank adjustment allows for adjustments of 10' to 6.5'
- Post to backboard extension is 36" at 10' - increases as rim is lowered
- Welded support gussets for maximum rigidity

The Attack System offers infinite adjustability and maximum durability all rolled into one! 4"x4" post is 3/16" thick - that's 50% heavier than any other goal post in its category. The bolt down anchor system allows you to take the goal down for storage. The EZ-Crank® adjustment means players of any age, size or ability can easily adjust the height of the goal. To adjust, simply turn the crank handle. Adjustable from 10' to 6.5'. The rim height indicator shows the height of the rim. The Spring Assist® reduces the effort required to crank the goal up, particularly beneficial for institutions at the elementary grade level. Optional padding is available.

ATTACK EXTREME - 4" post, height adjustable, 36" post to board extension, 36x60 white powder coated steel board, fixed, unbreakable double rim goal, net

Includes all mounting hardware and installation instructions.

LIFETIME SUPERIOR WARRANTY - covers everything basketball related including deliberate hanging on the rim by multiple players. Vandalism is not covered.
