

First Team Force Ultra

- Optional bolt-on TuffGuard backboard padding
- Welded post cap seals out moisture
- Tubular Hi-Frame design provides the best backboard mounting possible
- All goals are direct mount to eliminate backboard breakage when players hang on the rim
- All steel components are powder coated to protect against the elements
- Anchor bolt system allows easy removal of unit
- Optional all-weather wrap around post padding
- Massive 5" square post gives added stability
- All pivot points have welded steel bushings for durability
- EZ-Crank® adjustment allows for adjustments of 10' to 6.5'
- Spring Assist® makes goal adjustments effortless
- Post to backboard extension is 48" at 10' - increases as rim is lowered
- Welded support gussets for maximum rigidity

The Force offers infinite adjustability, exceptional rigidity and maximum durability for the serious basketball players. A tough 5" square, 3/16" thick walled vertical post and dual strut extension arm make this system a real powerhouse. The bolt down anchor system makes the system easy to remove for storage. EZ-Crank® adjustment makes it easy for players of any age to change the rim height. Adjustable anywhere from 6.5' to 10'. The rim height indicator shows the height of the rim. The Spring Assist® reduces the effort needed to crank the height up, particularly beneficial when smaller people will be adjusting the height of the rim. A wide variety of backboard and rim options are available.

FORCE ULTRA - 5" post, height adjustable, 48" post to board extension, 36x54x1/2" tempered glass board, fixed, heavy duty breakaway goal, net

Includes all mounting hardware and installation instructions.

LIFETIME SUPERIOR WARRANTY - covers everything basketball related including deliberate hanging on the rim by multiple players. Vandalism is not covered.
