

First Team Legacy Nitro

LEGACY NITRO - 4" post, 36" post to board extension, 36x60x3/8" tempered glass board, heavy duty-breakaway goal or fixed, unbreakable double rim goal (your choice), net

Optional post/board pad set, 5 colors (shown).

- The Legacy offers added durability and safety without exceeding your budget!
- The Legacy's 4"x4" 11 ga. steel post is 50% heavier than any goal of its kind. Our one piece pole design eliminates joint deterioration common with sectional type posts.
- 36" backboard to post extension
- The extension arm on the Legacy is constructed of tough 4"x4" square tubing and provides players with a 36" extension distance from post to backboard for added safety. The Legacy arm is attached to the vertical post using U-bolts and is considered a "Fixed Height" goal. However, the U-bolts can be loosened allowing the arm to be re-attached at any given height along the post.
- A selection of backboards and rims are offered with the Legacy so you can pick the one that's right for you.
- For additional safety, pole padding and backboard padding can be added to any Legacy package.

Every Legacy package comes with a Lifetime Limited Warranty.

Includes all mounting hardware and installation instructions.
