

**First Team Titan Playground (left) - Titan Arena (right shown with optional gusset/post/board padding)**

- Optional bolt-on TuffGuard backboard padding
- Welded post cap seals out moisture
- Tubular Hi-Frame design provides the best backboard mounting possible
- All goals are direct mount to eliminate backboard breakage when players hang on the rim
- All steel components are powder coated to protect against the elements
- Anchor bolt system allows easy removal of unit
- Optional all-weather wrap around post padding
- Massive 6" square post gives added stability
- All pivot points have welded steel bushings for durability
- EZ-Crank™ adjustment allows for adjustments of 10' to 6 1/2'
- Spring Assist™ makes goal adjustments effortless
- Post to backboard extension is 48" at 10' - increases as rim is lowered
- Welded support gussets for maximum rigidity

The Titan offers infinite adjustability, maximum rigidity, maximum durability and performs like it came straight out of the arena! The Titan's massive 6" square, 3/16" thick vertical post and extra heavy-duty dual-strut extension arm provide the toughest, most rigid standard in the industry. The post is set back 4 feet from the backboard to maximize safety. The bolt down anchor footing allows you to easily remove the unit for storage. The EZ-Crank™ adjustment means players of any age, size or ability can change the rim height. To adjust, simply turn the crank handle. The Titan is infinitely adjustable from 10' to 6 1/2'. The rim height indicator shows the height of the rim. The Double Spring-Assist™ makes raising and lowering the goal easier even with our regulation size 42"x72" backboards. For additional safety, pole padding and backboard padding can be added to any Titan package.

**Includes all mounting hardware and installation instructions.**

**LIFETIME SUPERIOR WARRANTY - covers everything basketball related including deliberate hanging on the rim by multiple players. Vandalism is not covered.**
