

First Team WallMonster
SUPREME 42"x72"x1/2" clear acrylic / ARENA 42"x72"x1/2" tempered glass

- Wall to backboard extension set at 3' or 4'
- Height adjustable to 6' or 7.5' respectively
- Solid square tubing construction with black powder coat finish
- Optional bolt on padding
- Breakaway flex goal or fixed double rim goal

First Team's WallMonster adjustable basketball goal is a convenient, cost effective choice when an adjustable wall mounted basketball unit is needed. The WallMonster is great for all ages. The built in adjustment mechanism can be operated from ground level using the removable crank handle provided. Adjustments can be made without the use of a ladder.

The WallMonster is extremely versatile. It can be installed with either a 36" offset or a 48" offset making it a perfect choice for a wide variety of indoor or outdoor basketball courts. The all steel construction is powder coated black for weather protection and a sleek look. An easy to read rim height indicator that shows the height of the rim as the unit is adjusted is included. For 48" offset installations, the rim height is adjustable from 10' down to 7 1/2' while 36" offset installation can lower down to 6'.

Each WallMonster system is covered by First Team's Lifetime Limited Warranty. Includes all mounting hardware and installation instructions.
